Subject: Audio File of Myself and Robin Sylvester Mid to Late September 2018

Ms. Dillard,

In following up on our communications, let me provide you with a link to the audio file of Robin Sylvester and myself for meetings in mid-to-late September of 2018 (you can advance the tape to the [12:00](#) mark to begin hearing the audio file because the recording to that point was me waiting for the meeting to start or her assistant needing to procure a document for her): <link redacted>.

As you can tell, Ms. Sylvester lays out my cause of action against GOHSEP; furthermore, near the end of the audio, she is practically salivating in telling me I can agree to the same 35% contingency contract which I'd already executed with her. Is it not therefore incredibly ironic that she would indicate to you only four months or so later in her response to my complaint that I had no valid cause of action against GOHSEP and that she was just trying to basically hold down the fort until I could find another attorney? She is both deceiving you and insulting your own intellect in making that representation to you!

The last meeting concludes with us being very amicable toward one another and us both very excited about her scheduling a meeting between myself, her, GOHSEP officials, and my lobbyists for us to discuss a manner to bring this whole matter to a successful conclusion.

Ms. Sylvester never gave me (nor anyone else to my knowledge) a reason for why she reneged on convening that meeting; WHY AWOL at critical times (which she'd previously done on the October 2017 date at which she said my cause of action against GOHSEP would prescribe). It's my sincere hope that ODC officials will inquire of her why she declined to schedule the meeting she clearly references on the preceding audio link. Perhaps she conferred with AG Jeff Landry and he poured cold water on the whole idea? I have no idea, but I hope somehow, someday either ODC or somebody can get to the bottom of why she made no effort whatsoever to follow through!

As is obvious, toward the end of the audio file, you'll hear personal matters that Ms. Sylvester had to attend to (via phone calls and texts) regarding certain of her family members' health conditions. I am therefore asking that the preceding link not be shared with anyone outside of OCD because obviously those matters are in no way relevant to the subject matter at hand, and I don't want anyone to be able to hear those matters that she discussed with me. Nevertheless, I did leave those segments on the tape to provide your office with the recording in its totality.

Thank you, and I look forward to hearing back from you and, if you need anything further from me, please don't hesitate to ask.
