Baton Rouge LA 70806

Dear Col. Davis:

In conducting my extensive research for an upcoming feature on the full extent of the LSP Training Academy Cheating Scandal (LSPTACS), I have grave concern regarding the fact that LSP's stated retention policy for Training Academy documentation is three (3) years.

My concern entails documents applicable for the full extent of the LSPTACS may be eligible for destruction in July of this year with more documents becoming eligible as the year progresses.

With that in mind, I respectfully request that you issue an Order commanding that there be no destruction of any LSP Training Academy documents until you have lifted the Order.

Sincerely,
