Jon Mabry, CISA, CFSA, CIA, CCSA

Vice President, Disaster Recovery and Resiliency

Areas of Expertise

PROGRAM MANAGEMENT; CONSTRUCTION MANAGEMENT; HOUSING PROGRAM STRATEGIC MANAGEMENT; HOUSING PROGRAM CONSTRUCTION MANAGEMENT; RECONSTRUCTION OF PUBLIC INFRASTRUCTURE/FACILITIES; RECONSTRUCTION/REHABILITATION OF RESIDENTIAL HOUSING; DISASTER RECOVERY PROGRAMS; COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) RECOVERY PROGRAM ADMINISTRATION; INTERNAL AUDITING PROCEDURES; RENTAL HOUSING PROGRAMS; GOVERNMENT LIAISON

Highlights

- **Appointed by Mississippi Governor to serve as Chief Operations Officer (COO) of Mississippi's Disaster Recovery Division (DRD),** which administered more than \$5 billion in federal CDBG funding earmarked by Congress, the vast majority of which was for construction projects relating to the State's recovery from Hurricane Katrina.
- **Managed more than \$4 billion in construction activities** for Mississippi's Hurricane Katrina Disaster Recovery housing and infrastructure construction programs, from initial and final engineering/design to construction and final payout. Executed with an **error rate of less than 1/10th of one percent**, and with **housing construction completed a full year ahead of schedule.**
- **Managed construction on more than 200 brick-and-mortar public infrastructure projects,** including city halls, police stations, water/wastewater systems, community centers, libraries, marinas, streetscape projects, facades, health and human services buildings, and road improvements, all designed to recover and revitalize impacted communities.
- **Managed reconstruction of \$600M water and wastewater infrastructure** that included 291 miles of sewer main piping, 59 wastewater pumping stations, and 17 wastewater treatment facilities; completed \$5M+ under budget
- **Managed \$45M, 5-year, 12-mile highway-widening project;** completed on budget. **Managed \$8M, 3-year, 3-mile highway-widening project;** completed \$80K under budget.
- **Successfully launched an almost \$1 billion effort to construct affordable rental housing** in the coastal counties of Mississippi.
- Served as Program Manager for New York State's \$1 Billion federally-funded Hurricane Sandy Disaster Recovery Housing Program, which included **10,000+ construction projects.** After assuming responsibility from previous contractor, **reduced program costs by \$44.8M**
- For a **\$1.7 Billion federally-funded construction program** to repair four New York City hospitals, provided oversight for budget management, project management, and supply chain analytics.
- **Saved the State of Mississippi almost \$30 million by applying stricter accountability to Hurricane Katrina recovery contractors and sub-grantees** and introducing proven private-sector internal audit techniques designed to ensure that DRD dispenses taxpayer dollars properly and efficiently.
- **Managed Mississippi's multifaceted recovery package, which includes three broad objectives:** restoration of housing stock (to which about 70 percent of the fund is budgeted), repairing public infrastructure, and economic recovery through programs that support job creation and retention (a portfolio of 17 different CDBG recovery programs is dedicated to these three objectives).

Jon Mabry, CISA, CFSA, CIA, CCSA, page 2

- **Combined Mississippi's Small Rental, Long Term Workforce Housing, and Public Housing recovery programs**, leaving the Gulf Coast with approximately 10,000 new or rehabilitated affordable housing units—more affordable stock than was available before the storm.

Relevant Experience

IEM, Baton Rouge, LA

Vice President, Disaster Recovery and Resiliency, March 2014–present

- As a HUD expert, provides subject matter expertise in program design, monitoring, performance/production improvements, internal control design, and pre- and post-audit services.
- Served as **Program Manager for New York State's \$1 Billion federally-funded Hurricane Sandy Disaster Recovery Housing Program**, which included **10,000+ construction projects**. After assuming responsibility from previous contractor, **reduced program costs by \$44.8M**
- As Program Executive Director, oversaw the IEM-led contractor support for the Governor's Office of Storm Recovery (GOSR) using multiple subcontractors.
 - Coordinated with GOSR on all aspects of the transition from the incumbent support provider. Oversees all facets of process flow management, personnel management, and strategic consultation for the contract client.
 - Tasked with the operation of ten housing program intake centers and overseeing more than 200 customer service representatives throughout New York counties impacted by Superstorm Sandy as well as Hurricane Irene and Tropical Storm Lee.
 - Provided briefings to senior GOSR leadership, elevates issues, and filters guidance down to the support team, ensuring team efforts are aligned with GOSR needs.
 - Assigned resources to fulfill emergent customer requirements, such as public outreach efforts in upstate New York and on Long Island.
 - Contributed to the resolution of the process bottleneck (title) that slowed delivery of service to program applicants.
 - Assisted in identifying and raising the potential of redesigning the title ordering protocol, which provided substantial cost savings over the life of the program.
- Provided oversight for budget management, project management, and supply chain analytics For a **\$1.7 Billion federally-funded construction program** to repair four New York City hospitals.
-

State of Mississippi, DRD, Jackson, MS
COO, 2007–2014

- **Appointed by Mississippi Governor to lead the newly formed DRD, which was tasked with managing more than \$5 billion in federally awarded disaster funds**, appropriated by Congress to aid in Mississippi's recovery from Hurricane Katrina.
- Worked closely with Governor, the Governor's Chief of Staff, and other advisors to develop recovery strategies, policies, and plans for implementation.

Jon Mabry, CISA, CFSA, CIA, CCSA, page 3

- **Managed more than \$4 billion in construction activities** for Mississippi's Hurricane Katrina Disaster Recovery housing and infrastructure construction programs, from initial and final engineering/design to construction and final payout.
- Implemented a multi-faceted, private-sector model comprised of financial, monitoring/auditing, communications, compliance, and product departments to develop, design, and implement recovery programs and ensure compliance with federal requirements.
- **Successfully launched an almost \$1 billion effort to construct affordable rental housing** in the coastal counties of Mississippi
- **Managed Mississippi's multifaceted recovery package**, which includes three broad objectives: **restoration of housing stock (to which about 70 percent of the fund was budgeted)**, repairing public infrastructure, and economic recovery through programs that support job creation and retention (a portfolio of 17 different CDBG recovery programs is dedicated to these three objectives).
- Works with federal regulators to ensure program adherence to all applicable federal regulations and to help evolve/improve future disaster recovery policies and procedures based on the unprecedented effects of Hurricane Katrina.
- Implemented performance requirements and higher accountability standards for contractors and staff; the improvements **resulted in more than \$30 million in cost savings and reduced state administrative costs to below three percent.**
- Participates in the development of program materials and grant documents.

MCI Corporation (Verizon), Clinton, MS
Multiple Positions, 1994-2006

Senior Director, Internal Audit

- Reported to the Senior Vice President of Internal Audit and was responsible for the company's Information Technology (IT) audit function and the company's Asia Pacific internal audit function.
- Managed a team of 10 IT audit professionals responsible for assessing the adequacy of information systems to meet processing needs, evaluate the adequacy of internal controls, and ensure that assets controlled by those systems are adequately safeguarded.
- Planned, organized, and directed the company's IT and Asia Pacific audit activities, such as on-going risk assessment, audit plan development, audit plan execution, and communication of IT and Asia Pacific audit results to executive management.

Senior Director, Business Development (Pricing, Contracting, Customer Credits, and Proposal Services/Bid Management)

- Reported to the Senior Vice President of Marketing and managed five direct reports in leading a 200-member organization comprised of marketing, legal, and finance professionals that supported three sales segments with an annualized revenue base of \$6.5 billion dollars.
- Scope of accountability included customer negotiations, special pricing and contracting activities, bid management/RFP responses, contract administration/execution, distribution, quality assurance of customer contracts, international local access pricing, developing client relationships and partnerships, review and approval of customer billing adjustments, business case approval for local network building expansions, and customer settlements.

Director, Marketing—Special Pricing, Contracts, and Proposal Services

- Managed four direct reports and led a 100-member department comprised of legal and finance professionals charted with negotiating, crafting, approving, and contracting long-term, non-standard, and complex business deals with senior executives of major and national accounts companies.
- Provided price quotes and competitive analysis for domestic and international products including Frame Relay, ATM, Metro & Inter-Exchange Private Line, Local & Long Distance Voice, Network Colo, IPVPN, and Dedicated & Dial IP.
- Developed standard criteria and formats for complex deal analyses, particularly those requiring significant capital outlay.
- Provided recommendations that were reviewed with the Chief Operating Officer (CEO), President of Sales, and CFO.
- Reported product and customer profit and loss (P&L) statements.

Senior Manager, Marketing—Product Marketing, Research Performance, and Planning

- Reported to the Vice President of Product Development and managed a department of 20 marketing and finance professionals with three direct reporting managers.
- Managed sales, general, and administration (SG&A) expenses for the entire marketing department.
- Reported performance for all product lines and segments.
- Developed and implemented a sales lead program and direct mail campaigns.
- Performed research and analysis on market share for various products and services and provided input for executive presentations.

Sales Manager, Wholesale Telecom Sales (Verizon Account, formerly GTE)

- Recruited to reverse revenue decline and customer dissatisfaction.
- Resolved customer issues such as billing disputes, provisioning, installation, and maintenance procedures and educated customers on product offerings.
- Increased revenues to \$20 million a month.

Manager, Internal Audit—Information Systems and Telecommunications Auditing

- Established and developed an information systems audit function.
- Provided recommendations to consolidate operations, increase revenues and margins, decrease costs, reengineer processes, improve operational efficiencies, and strengthen internal controls.
- Performed network, application, and general controls audits based on annual risk assessment.
- Conducted facilitated workshops with process and system owners to document business risks, processes, and associated controls.
- Presented results of audit engagements with the Chief Audit Executive to executive management as well as the CEO, CFO, and Audit Committee.

Jon Mabry, CISA, CFSA, CIA, CCSA, page 5

Alltel Corporation, Little Rock, AR

Senior Telecommunications and Information Systems Auditor, 1993–1994

- Lead Auditor responsible for performing electronic data processing (EDP) systems audits of Alltel's local, cellular, and systematics business units; designed audit programs and tests.
- Prepared audit reports and presented the results and recommendations to senior management.

GTE Corporation, Tampa, FL and Washington, D.C.

Electronic Data Processing Senior Auditor/Switching System Engineer, 1989–1993

- Audited GTE telephone and cellular operations including physical and logical security, disaster recovery, transaction processing, job scheduling, change control, and cellular switch reviews, to include accuracy of call rating.
- Provided 24/7 technical and account support for the U.S. Government's Red Telephone Switching System located at the Pentagon in the National Military Command Center.
- Instructed and trained fifteen Air Force electronics technicians in the maintenance and operations of the switching system in the Pentagon.
- Composed and maintained the switch databases, routing tables, and numbering plans.
- Developed an engineering database to track trunk/phone cable and pair assignments at all points in the network (IDF, MDF, switch, and phone).

United States Marine Corps, Multiple locations

Telephone Switch Technician, 1985–1989

- Performed maintenance and repair of telephone switching systems.

February 14, 2017

To Whom It May Concern:

I am a General Contractor, license # 54378.

Under Jon Mabry's leadership and management, Mississippi reconstructed, repaired or rebuilt thousands of residential homes and public facilities after Hurricane Katrina. These projects were heavily scrutinized and subject to intense federal regulations, but Jon completed the housing recovery portion of the project an entire year early. Unlike typical recovery programs, he also ensured that all the construction projects were on budget and that no federal funds were clawed back by the government because of poor accountability, errors, or fraud. Jon's expertise in large-scale construction management will ensure the success of any such program.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brad Roberts".

Brad Roberts
President

February 14, 2017

To Whom It May Concern:

The Chartre Companies are a full-service real estate development, construction and asset management group with home offices in Oxford, MS. We have developed, constructed, and operate around 4,000 residential units in Mississippi and Alabama.

We have worked with Jon Mabry in a professional capacity for more than 7 years. He has a proven track record in program and construction management for complex projects with short timeframes and in adherence with strict federal regulations. If these projects were not appropriately administered, it could result in the claw back of federal funds. In Mississippi, Jon oversaw all of our housing construction activities for more than 500 homes. He has expertise in cost estimating, scheduling, cost control, quality control, and subcontractor management.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Clarence W. Chapman', is written over the typed name and title.

CONTRACTORS

February 14, 2017

To Whom It May Concern:

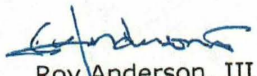

Roy Anderson Corp is a General Contractor, license # 16040.

I have worked with Jon Mabry for more than ten (10) years. Jon oversaw the work Roy Anderson Corp did in Mississippi as we repaired or reconstructed over 1,000 homes damaged by Hurricane Katrina. These homes were completed within the prescribed timeframes and budgets.

I would recommend Jon Mabry and his approach for any large-scale housing or rehabilitation/reconstruction project.

Sincerely,

ROY ANDERSON CORP

ADMINISTRATION

August 24, 2015

To Whom It May Concern:

In 2005 Hurricane Katrina struck the Mississippi Gulf Coast, devastating our communities and changing our lives forever. Today, as I reflect on how the Gulf States have recovered in the 10 years since Katrina, I am compelled to write this letter of recommendation for Jon Mabry, who led Mississippi's successful recovery, and IEM, the company for which he now serves as Vice President of CDBG Disaster Recovery.

Mississippi's response to Hurricane Katrina under Jon Mabry's leadership should be used as a model for disaster recovery. Other state and local governments have been faced with delays, fraud, and federal pressure to pay back millions in improperly disbursed or managed funds. Mississippi had none of these problems.

After Katrina, my role as Mississippi's Senior Senator was to lead efforts in Congress for passage of federal recovery funds, including an unprecedented \$5.4 billion CDBG package for the State. Many were, understandably, concerned that Mississippi didn't have the resources to ensure these funds were distributed timely, fairly, and accurately.

Governor Barbour and the rest of our state's leaders alleviated those fears, creating a hand-picked team dedicated to recovery. Composed of professionals from both the private and public sector, the Mississippi Development Authority Disaster Recovery Division (DRD) was chartered specifically to ensure Mississippi's CDBG funds were administered efficiently and effectively.

Chosen to lead this group was Jon Mabry, a Fortune 10 executive, certified internal auditor, and former U.S. Marine. Under Jon's direction the DRD repaired or reconstructed 40,000 housing units, created or retained 7,275 jobs through economic development programs, and completed 200 brick-and-mortar public facilities projects through community revitalization programs—all with an

unprecedented, virtually non-existent fraud level of less than one-tenth of one percent.

Drawing on Fortune 10 best practices, Jon and the DRD created monitoring and compliance programs based on performance goals and accountability. These were applied to his own team as well to as outside contractors. The systems Jon put in place have been lauded by HUD as a best practices model, and helped propel him to become Vice President of CDBG Disaster Recovery for IEM, the largest woman-owned homeland security and disaster management firm in the U.S. Celebrating 30 years of success in disaster management this year, IEM has been involved in recovery for every major disaster since Hurricane Katrina. Together, Jon and IEM have successfully managed billions in both FEMA and CDBG recovery dollars, including managing the State of New York's \$1 billion Disaster Housing Recovery program.

If you are faced with the task of providing relief to your citizens quickly and in compliance with all federal requirements, I highly recommend the successful recovery model implemented by Mississippi after Hurricane Katrina. Jon's management plan is rooted in the well-founded philosophy that CDBG funds are long-term investments which are as much about preparing for the next disaster as recovering from the immediate one. Jon's approach provides the steady, secure hand public officials and policy makers need to ensure laws are followed, and it provides the visionary planning and execution that taxpayers deserve.

Sincerely,

A handwritten signature in dark ink, reading "Thad Cochran". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Thad Cochran
United States Senator

Christopher A. Priest

Construction Services, Project Management

Summary of Expertise

During his career, has progressed from a position of laborer and installer to foreman, superintendent, and ultimately project manager for large and complex construction projects. Mr. Priest is skilled in reading construction documents, quantity take-offs, cost estimating, scheduling, labor and subcontractor management, coordinating materials and supplies, and quality control. He is familiar with all major construction methods including wood frame, masonry, cast-in-place concrete, and steel and is equally adept at interior build-out and finish techniques.

Highlights

- **20 years of experience in construction, working with residential, commercial, and institutional projects.**
- **Facilitated construction of a wide variety of building types** for both new and rehab projects, including residential developments, major retailers, medical facilities, and the Army NG.
- **Served as a Project Manager building multiple federal correctional facilities.**
- **Construction of 100,000 SF addition to Pollock Federal Penitentiary in Louisiana.**
- **Construction of the Yazoo City Federal Penitentiary in Mississippi.**
- **Construction of the Charlotte County Correctional Facility in Florida.**
- **Formulated, wrote, reviewed and recommended funding of Public Assistance Grants** (i.e., Project Worksheets) under FEMA's Public Assistance (PA) Program for 4 Major Disasters in the State of Louisiana.
- **Ensured compliance with governing statutes, regulations, and policies** of the PA Program.
- **Formally trained in all Private Non-Profit (PNP) program policies** associated with federally grant funded construction projects, with two years working with New Orleans area non-profits following Hurricane Katrina.
- **Developed 46 FEMA Project Worksheets for over \$100 million in damages** for Passaic Valley Sewerage Commission, Newark NJ, following Hurricane Sandy
- **Developed a \$250 million Hazard Mitigation Proposal**, subsequently approved by FEMA, to prevent or reduce damages from future storms in New Jersey.

Relevant Experience

IEM, Baton Rouge LA

Public Assistance Project Manager, 2016–present

- Review construction contracts for compliance with federal, state, and local laws, regulations, and policies
- Provide expert assistance on consideration of reimbursement requests for large permanent work projects and alternate improved projects
- Cost estimation and scope development for construction projects and cost reasonableness analysis

Chris Priest, page 2

- Assist in development of hazard mitigation project proposals and benefit cost analyses.
- Provide expert assistance on potential and actual insurance coverage of disaster-related losses and adequacy of insurance policies for compliance with Stafford Act and NFIP requirements.

Witt O'Brien, CCPRS, Various locations in New Jersey and Missouri

Public Assistance Program Specialist, contracted to FEMA or State, Jan 2013–Sep 2016

- QA/QC reviews of Project Worksheets, Joint Field Office Jefferson City, MO
- Passaic Valley Sewerage Commission, Bergen County Utilities Authority, Bayshore Regional Sewerage Authority, New Jersey. Prepared Project Worksheets, HMGP grant applications, prepared Cost Estimating Format for large projects
- New Jersey Dept. of Environmental Protection, State Liaison for removal of waterway debris following Hurricane Sandy. Provided technical assistance with construction projects. Worked with A&E firms to provide FEMA policy guidelines/compliance.

Dewberry & Davis, Fairfax VA

Public Assistance Project Specialist, May 2006–Jan 2013

- FEMA Public Assistance and HMGP funded projects for Hurricanes Katrina, Rita, Gustav, Ike and Isaac.
- For part of this period assigned to Private-Non-Profit Group working exclusively with PNP facilities in New Orleans area
- Conducted site surveys, recording of damages and preparation of written property damage assessments
- For part of this period assigned to Utilities Group for the Southern Parishes of Louisiana. Conducted sample analysis of damaged sewer and storm water drain lines, as well as damaged storm water catch basins and manholes. Prepared Estimated Cost of Repair.

Barnes Farland Environmental, Horizon Environmental, New Orleans and Lake Charles LA

Quality Assurance Supervisor, Sep 2005–May 2006

- Supervised debris monitors, residential demolitions, and temporary dumping sites in various areas immediately after Hurricane Katrina

Taylor Trades Construction, Alexandria LA

Supervisor/Project Manager, Jun 1999–Oct 2005

- Supervised all construction work and coordinate with subcontractors.
- Managed commercial and residential construction projects through all phases of construction.
- Prepared written cost estimates for commercial and residential construction projects.
- Served as Training and Safety Supervisor.

To Whom It May Concern:

The Passaic Valley Sewerage Commission ("PVSC") is the fifth largest wastewater treatment facility in the Country and suffered catastrophic damage as a result of Hurricane Sandy. Fortunately for our organization and our stakeholders Chris Priest was assigned to PVSC as the Project/Program Manager on more than \$500 million-dollars of FEMA-funded projects to repair the extensive damages to our plant. He assisted with assessing all of the damages to the plant and with developing individual project worksheets for each of the different construction projects along with resiliency and mitigations measures for future disasters.

Mr. Priest worked closely with PVSC staff and contractors to develop scopes of work with estimated costs to repair/replace the damages. His knowledge and experience in the construction industry and the FEMA Public Assistance Program were extremely valuable to our staff. Further, his empathy for our situation, his communication skills, his determination to insure all eligible damages were successfully reimbursed and his guidance throughout the process were invaluable.

It is for these reasons I have no hesitation in recommending Mr. Priest to those who may need Project/Program Manager assistance. Should you require additional information do not hesitate to contact me.

Sincerely,

Christopher W. O'Shea 15-February-2017

February 16, 2017

To Whom It May Concern,

L-W Resources Inc. is a sub-contractor to engineering/consulting firms CDM Smith and CH2MHill providing qualified personnel for FEMA funded projects. Chris Priest was part of our team as an experienced construction manager for over 3 years and proved himself invaluable on many large complex projects. Mr. Priest worked closely with several of our clients in New Jersey following Hurricane Sandy assisting them recover from catastrophic damages.

As a result of Mr. Priest's efforts, the Port Authority of New York/New Jersey was able to recover approximately 12 million dollars of FEMA funds to repair the damaged runway lighting at the Newark Liberty Airport and 3 million dollars for the replacement of the severely damaged mooring cells in the Hudson Bay. Additionally he was involved with estimating costs of 3.4 million dollars and providing mitigation measures to replace the high voltage feeder cables that were destroyed at the North Hudson Sewerage Plant in Hoboken, NJ.

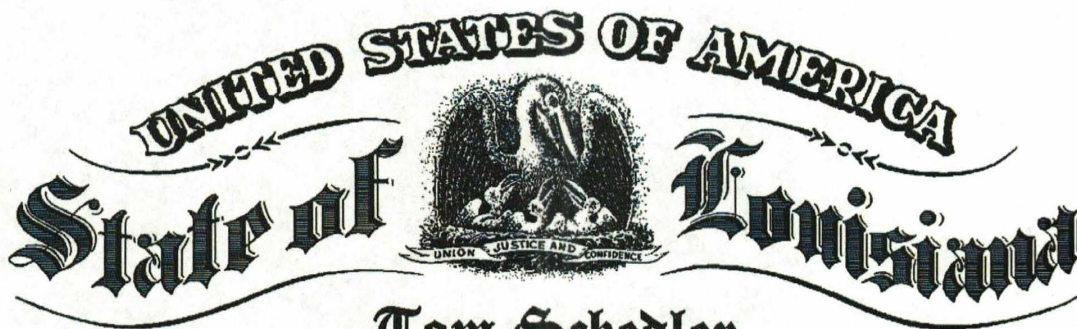

His experience with complex construction projects and the ability to communicate the needs of our clients were an asset to our company. For these reasons, we would recommend his services to those in need of construction management/cost estimating and would not hesitate to use him in the future.

Sincerely,

OF

STATE OF LOUISIANA

INNOVATIVE EMERGENCY MANAGEMENT, INC. PARISH OF EAST BATON ROUGE

BE IT KNOWN, that on this 15th day of February,

in the year of Our Lord: One Thousand Nine Hundred and Eighty-Five:

BEFORE ME, ANNETTE M. LASSALLE, Notary Public, duly commissioned and qualified in and for the Parish of East Baton Rouge, State of Louisiana, therein residing and in the presence of the witnesses hereinafter undersigned:

PERSONALLY CAME AND APPEARED: MADHU BERIWAL

AND

KISHOR SHAH

who declared unto me, Notary, that availing themselves of the provisions of Louisiana Business Corporations Law (Title 12, Chapter 1, of Louisiana Revised Statutes of 1950, as revised and codified by Act 105 of 1968, Legislature of Louisiana) they desire to form and do by these presents form and organize as well as with all such other persons who may hereinafter join or become associated with them or their successors and assigns, this Corporation, in pursuance of said law for the objects and purposes of, under the covenants, stipulations and agreements therein, and in accordance with the following Articles of Incorporation, to-wit:

I.

The name of the Corporation shall be INNOVATIVE EMERGENCY MANAGEMENT, INC.

II.

This Corporation is formed to engage in all lawful activity under the laws of the State of Louisiana.

III.

The duration of this Corporation shall be perpetuity.

IV.

The total authorized capital stock of this corporation is Ten Thousand (10,000) shares having no par value.

V.

The incorporator's address and shares of stock are as follows:

Madhu Beriwal
1718 West Fairview
Baton Rouge, Louisiana

Kishor Shah
1718 West Fairview
Baton Rouge, Louisiana

SHARES: 500

SHARES: 500

VI.

INNOVATIVE EMERGENCY MANAGEMENT, INC. commences business
with ONE HUNDRED AND NO/100 (\$100.00) DOLLARS cash.

VII.

The initial shareholders shall have preemptive rights.

VIII.

There shall be but two(2) directors unless at the annual meeting
and by majority vote of the shares outstanding, the shareholders
decide otherwise. Directors shall be shareholders and shall be
elected for one (1) year.

IX.

The officers of this Corporation shall be as follows:

PRESIDENT: MADHU BERIWAL

SECRETARY: KISHOR SHAH

TREASURER: KISHOR SHAH

The above mentioned officers shall serve for life; however
the Board of Directors shall have the power to amend this section
by majority vote.

X.

**ARTICLES OF AMENDMENT
OF
INNOVATIVE EMERGENCY MANAGEMENT, INC.**

Innovative Emergency Management, Inc. (the "**Company**") hereby submits these Articles of Amendment (these "**Articles**") pursuant to La. Rev. Stat. 12:31 on this the 20th day of December, 2012.

1. The Company is a corporation under and governed by the laws of the State of Louisiana.
2. These Articles have been unanimously approved by each of (i) the Board of Directors of the Company and (ii) the sole stockholder of the Company, each by written consent, effective as of the 20th day of December, 2012.
3. The text of the amendment is as follows:

The Articles of Incorporation of the Company are amended by deleting Article IV in its entirety and replacing it with the following language:

- A. Authorization of Stock. The Corporation shall have the authority to issue one hundred thousand (100,000) shares of capital stock, fifty thousand (50,000) of which shall be Class A Common Stock and fifty thousand (50,000) of which shall be Class B Common Stock (collectively, the "**Common Stock**"). Shares of the Common Stock shall have no par value. The number of authorized shares of any class of Common Stock may be increased or decreased, but not below the number of shares thereof then outstanding, by the affirmative vote of the holders of a majority of the stock of the Corporation entitled to vote.
 - B. Voting Rights. The holder of each share of issued and outstanding Class A Common Stock shall have the right to one (1) vote for each such share, and shall be entitled to notice of any shareholders' meeting in accordance with the bylaws of the Corporation and to vote upon such matters and in such manner as may be provided by law. The holder of each share of issued and outstanding Class B Common Stock shall not be entitled to vote on any matter which the shareholders shall be entitled to vote, and shares of Class B Common Stock shall not be included in determining the number of shares voting or entitled to vote on any such matters.
4. Effective upon the filing of these Articles and without any further action on the part of the Company or its shareholders, each share of the Company's authorized common stock, whether non-issued or issued and outstanding, immediately prior to such filing (the "**Old Common Stock**"), shall automatically be reconstituted and converted into five (5) shares of fully paid and non-assessable Class A Common Stock and five (5) shares of fully paid and non-assessable Class B Common Stock. Certificates representing shares of the Old Common Stock shall be deemed to represent the number of shares of Common Stock into which such shares are reconstituted and converted pursuant to the immediately preceding

sentence, until such certificates are surrendered and exchanged for new certificates representing the number of shares of Common Stock issuable in connection therewith. To the extent permitted by law, holders of the Old Common Stock immediately prior to the effective time of these Articles shall, as of the effective time, be entitled to all of the rights of holders of shares of Class A Common Stock and Class B Common Stock, regardless of whether such holders have exchanged their certificates in accordance with these Articles.

5. These Articles shall be effective upon filing.

This is the 20th day of December, 2012.
