Synopsis of Incident

On Monday, April 23, 2018, David Boullion was removing equipment from my old unit (Chevrolet Tahoe #714-10-077398) and located a clear plastic bag containing three smaller clear plastic bags containing a white crystal substance. He also located a small plastic box containing eight blue pills and a piece of a green pill.

On Friday, April 27, 2018, at approximately 1400 hours, I arrived at Troop I and spoke to Lt. Eric Duplechain about what Mr. Boullion had located. At approximately 1405 hours, Lt. Duplechain and I retrieved the items from the evidence bin. I then placed the items into an evidence envelope and properly sealed it. After completing the required paperwork, I placed the evidence envelope back into the evidence bin.

I have no excuse for not locating these items. I will do a better job searching the rear seat of my unit after transporting a prisoner or any other non-law enforcement person.
