Mr. Burns –

Recently, you were provided with documents including emails responsive to your public records request to the Louisiana State Board of Cosmetology regarding body cameras. Some emails determined to be responsive to your request were not provided to you with the initial response to determine whether any privilege applied to the communications with the Governor's Office.

I was informed that the emails with the Governor's Office not provided to you by the Louisiana State Board of Cosmetology have already been provided to you by the Governor's Office on Friday. Please consider the copies of the emails between employees of the Governor's Office and employees of the Louisiana State Board of Cosmetology sent to you by the Governor's Office on Friday as supplemental to the Board's response to your public records request for communications regarding body cameras.

Thank you, Sheri M. Morris
