Captain Manale:

By way of this email, I request to be provided with the full video version of Lt. Sheldon Perkins 8/24/19 DWI arrest which was available at Thursday's meeting of the Louisiana State Police Commission meeting.

I am expecting the length of that video to be considerably longer than the 21-minute segment(s) shown to the commissioners since Chairman Simien expressed reservations about watching "an hour and a half video," and attorney Giroir indicated that, by fast forwarding to two sections that the expected length to be presented to commissioners would be "around 40 minutes."

Because the entirety of the video was planned to be introduced into evidence and displayed for all in attendance, including me to videotape for *Sound Off Louisiana* viewers and subscribers, there should be no question whatsoever that the entirety of that video is public record.

I will be happy to come into LSP's facilities and provide a flash drive for the purpose of copying the video onto that drive just as I did about 3 ½ years ago regarding LSP Trooper Philip Tagliarino's stopping of Andrew Arway for suspected DWI, which I thereafter integrated into the main video for the following *Sound Off Louisiana* feature: <https://www.soundoffla.com/jbe-appointee-implodes-lsp-wrongful-death-trial-thereafter-carry-vendetta-harsh-critics/>.

Because there is no doubt as to the existence of this record and because of the known ease to access it and make it available and because time is clearly of the essence in this matter, I am respectfully requesting that the video referenced above be provided to me in a very expeditious manner, and I look forward to a response to this request and for me coming in and obtaining the full video as expeditiously as possible.

Thank you for your attention to this matter.
