RE: Public Records Request

Dear Mr. Matthews:

This correspondence is a follow-up on the following public records request: "all file numbers for medical emergencies which required EMS to respond to the jail in 2022 and 2023."

I write to inform you that a response to your request would require the creation of a record that includes a compilation of the file numbers you are requesting. Since a custodian of records is not required to create a record in response to a requestor, I have no records to produce responsive to your request.

Respectfully yours,

Deputy Kyle Gautreau
