RE: RESPONSE

November 19th, 2026

Thank you for reaching out and providing the opportunity for the Louisiana State Board of Cosmetology (LSBC) to respond.

The Board takes all allegations involving the integrity of its licensing examinations and the issuance of professional licenses very seriously. Any concerns regarding examination procedures, the accuracy of examination results, or the issuance of licenses are matters that warrant appropriate review and, when necessary, corrective action.

With respect to the personnel matter referenced in your inquiry, the Board is unable to comment on individual employee matters or disclose information concerning confidential personnel matters. Additionally, the Board cannot discuss the details of an ongoing or otherwise confidential investigation.

Regarding individuals who may have been issued licenses based on examination results that are subsequently determined to be inaccurate or improperly recorded, the Board will review the circumstances and determine what action, if any, is appropriate under the applicable statutes and regulations. Any action affecting an individual's license would be handled in accordance with the applicable laws, regulations, and required procedural protections.

The Board remains committed to protecting the public, maintaining the integrity of the licensing process, and ensuring that all applicants and licensees are treated fairly and consistently under Louisiana law.

We appreciate your understanding that the Board must be mindful of personnel confidentiality, investigative integrity, and the due process rights of all individuals involved. We will provide information as appropriate and to the extent permitted by law.
