Subject: Any Chance WAFB May Contact Hillar Moore's Office to Ascertain Why NOTHING (Zilch!!!) Has Been Done Entailing the Felony Charges of Former LSTA Executive Director David Young

Mr. Hays:

Regarding the following WAFB feature of June 27, 2019, <https://www.wafb.com/2019/06/28/head-la-troopers-association-retires-after-gun-incident/>, is there any potential for WAFB to perform a follow-up feature asking EBRP District Attorney Hillar Moore why absolutely nothing (beyond the attached Affidavit of Probable Cause for Young's arrest) has been done in furtherance of his prosecution?

I know COVID has caused delays, but a full eight months transpired BEFORE the pandemic and there had not been (nor does there remain) even so much as an arraignment on Mr. Young's charges! It just seems that, in matters entailing Louisiana State Police, as newly-installed Col. Lamar Davis said at the last Louisiana State Police Commission meeting, "the public is getting the perception that police officers are getting treated special." He is certainly correct, and one can only openly ponder if such "special treatment" (Col. Davis' own words) don't extend to associates of police officers such as former LSTA Executive Director David Young.

Thank you for taking the time to read this email, and I look forward to any feedback you may wish to provide.
